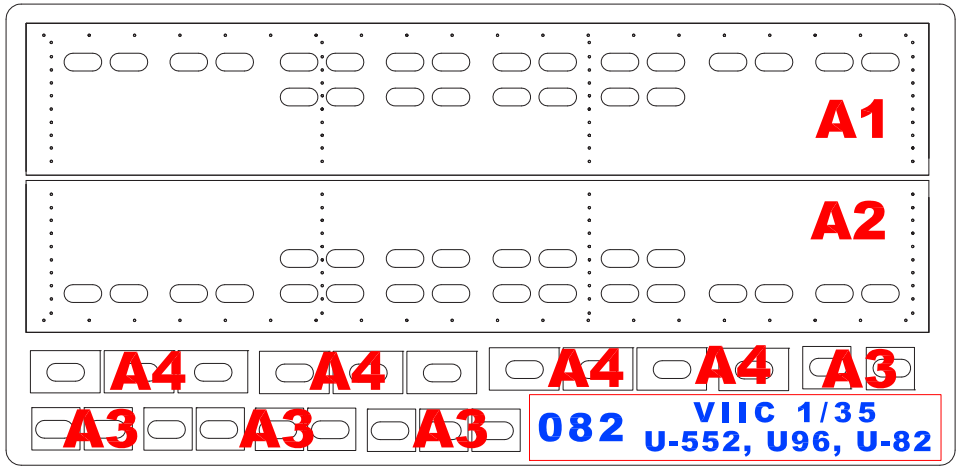
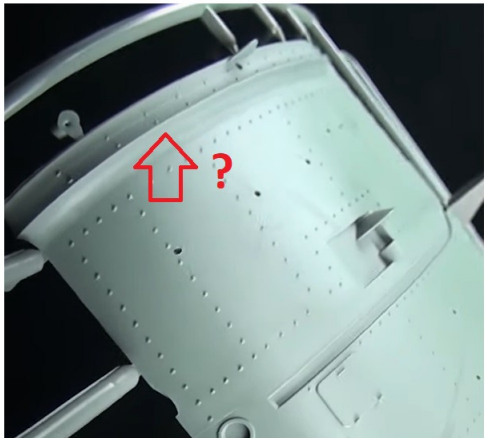
Description of patrs

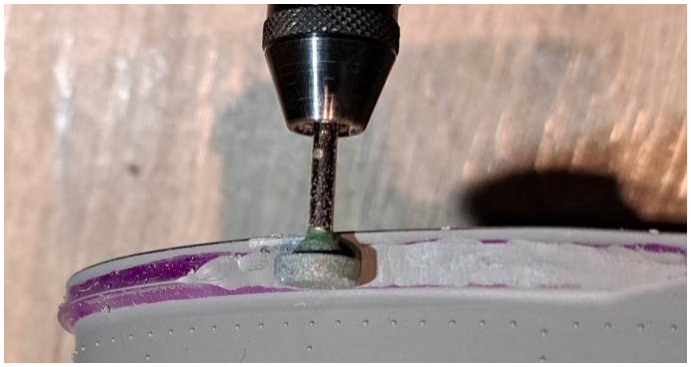
SKU-082



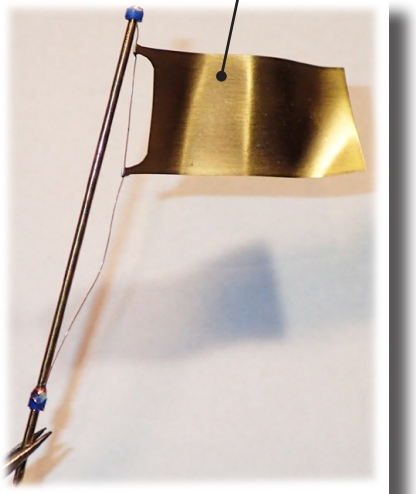


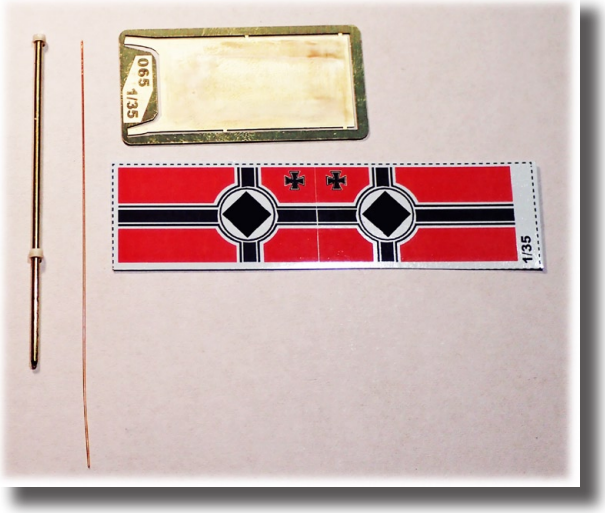
the upper collar has a very bad and unrealistic shape.
We recommend using our 3D print repair kit.
Collar we have the exact shape for individual submarines U-552 / U-96 / U-82.

this plastic must be removed



the flag sail must be painted white before the decal is installed





The submarine had insulators on both the front and rear of the turret. It can be seen in all photos of U-552. The rear insulators were placed in special tubes.
